

10th Annual Three Points/Robles Junction Community Festival *Fund-Raising Registration*

July 1, 2017

Welcome to the start of this year's registration process. We have made some minor changes that will help to make the process smoother for everyone involved. We appreciate your patience as we strive to create a more viable system.

Enclosed is your registration form. We will again be allowing indoor vendors to choose their own booth location, within reason, based on a first come basis. Registration forms returned before September 1st, will be organized by date received and booth choices will be honored accordingly. Registration forms received between September 2 and September 30 will be placed by the Festival's set up team. Outdoor booth locations will also be assigned by the set up team. We will do our best to take your input into consideration.

If you know someone who may be interested, registration forms can be found by visiting the Robles Ranch Community Center, or by emailing threepointsfestival@gmail.com. If you have questions, please feel free to contact me. We look forward to another great year celebrating our community and the people who live and work here.

Warmest Regards,

Rita Taylor
